Highly skilled and creative UI developer with **over 4 years** of experience in creating user-centric web applications.

Work Experience

| | |
|---------------------------------|--|
| Senior Software Engineer | <p>I worked on two projects, Pumperpal and Customer360, focusing on building responsive, high-performance web applications with reusable React.js components to deliver seamless user experiences.</p> |
| Capgemini 2021 - 2025 | <p>I managed complex state with Redux Toolkit, integrated REST APIs with JWT authentication, and optimized performance using React Query, lazy loading, and code splitting.</p> <p>I collaborated in Agile squads through code reviews, UAT demos, and client feedback sessions.</p> |
| Junior Developer | <p>A web-based internal tool, Internal Employee Resource Hub, built using React, and Tailwind CSS to help employees view HR documents, company events, submit queries to HR, and manage their profiles.</p> |
| Tekinsta 2021 | <p>Built for internal use in the company to reduce dependency on email/manual communication.</p> |
